Final Plan: Sovereign Person-State with Digital Land Issuance

Core Concept: The SPS of [Your Name] is a micronation with territory spanning your physical person, an optional vessel or land plot, and a digital domain (e.g., [yourname].sps or blockchain node). You issue SPS Sovereign Units (SPSUs) as currency, bearer businesses as mobile corporations, and now "digital land" as tokenized assets representing virtual territory ownership. A Security Interest Agreement locks in value and rights across these assets.

Step 1: Territory and Sovereignty

Territory:

Physical: Your person and possessions; optional vessel (e.g., Panama-registered) or land plot.

Digital: A domain or blockchain node, hosting your SPS and issuing "digital land" as NFTs or smart contracts (e.g., Ethereum-based parcels).

Digital Land Issuance: Virtual plots (e.g., "Parcel #1 of SPS") issued as unique tokens, representing ownership or use rights within your digital territory. These are assets tradable in SPSUs, enhancing economic sovereignty.

Legal Basis: Montevideo Convention, UN Charter Article 1, and cyberspace autonomy; digital land draws from NFT property concepts (e.g., Decentraland).

Step 2: Government, Titles, and Currency

Government: You, as "[Title] [Your Name], Sovereign of the SPS," govern all realms and issue digital land, bearer businesses, and SPSUs.

Title: Trademarked and blockchain-recorded.

Currency: SPSUs, a cryptocurrency backed by digital land value or external assets **(e.g., ETH).**

Step 3: Bearer Businesses and Digital Land

Bearer Businesses: Certificate-based corporations under SPS law, now able to hold or operate digital land parcels.

Digital Land: Issued as NFTs or tokens, each with a defined "location" (e.g., coordinates on your domain) and rights (e.g., use, trade). These are assets securing SPS economic value.

Step 4: Legal Protections and Execution

Protections: Digital land and servers as "embassies," bearer businesses as private contracts, optional vessel as a mobile hub—all secured by a Security Interest Agreement.

Execution: File in Wyoming (corporate), FARA (federal), flag state (vessel), ICANN/UN (symbolic), and deploy on blockchain.

Final Legal Documents

Updated to include digital land issuance, followed by the Security Interest Agreement.

Document 1: Declaration of Sovereignty

Filing Jurisdiction: UN (symbolic); county recorder (if physical).

DECLARATION OF SOVEREIGNTY

Sovereign Person-State of [Claimant's Name]

I, [Full Name], born **[Date of Birth]** at **[Place of Birth],** establish the Sovereign Person-State of [Claimant's Name] (SPS) on [Date]:

1. **Territory:**

a. My physical person and possessions.

b. [Optional] Vessel [Vessel Name], registered in [Flag State].

c. [Optional] Land at [Legal Description].

d. Digital territory: [Domain Name] or **[Blockchain Node Address],** issuing digital land as **[Token Standard, e.g., ERC-721].**

2. **Population: I, [Full Name],** sole citizen and sovereign.

3. **Government: I, [Title] [Full Name],** issue digital land, bearer businesses, and SPSUs.

4. **Capacity:** Seeks relations with states and entities.

5. **Basis:** Montevideo Convention, UN Charter, cyberspace principles.

Signed: [Date] at **[Location].**

[Signature]

[Notary Block]

Document 2: SPS Nonprofit Incorporation

Filing Jurisdiction: Wyoming Secretary of State.

ARTICLES OF INCORPORATION

Sovereign Person-State of [Claimant's Name]

1. **__Name:__** Sovereign Person-State of [Claimant's Name] (SPS).

2. **__Purpose:__** Govern SPS territories and issue digital land, bearer businesses, and SPSUs.

3. **__Agent:__** [Agent Name], [Agent Address, Wyoming].

4. **__Director:__** [Full Name], [Title].

5. **__Assets:__** [Domain/Node], digital land [Token IDs], [Vessel/Land, if applicable].

6. **__Exemption:__** Sovereign entity status.

Filed: [Date].

[Signature]

[Wyoming Receipt]

Document 3: Digital Land Issuance Notice

Filing Jurisdiction: Blockchain record; notary.

NOTICE OF DIGITAL LAND ISSUANCE

Sovereign Person-State of [Claimant’s Name]

1. **Issuer:** [Full Name], Sovereign of the SPS.

2. **Asset:** Digital land parcels issued as [Token Standard] on [Blockchain] at [Contract Address].

3. **Description:** [Number of Parcels, e.g., 100], each with [Rights, e.g., ownership, use in SPS domain].

4. **Value:** Backed by SPS sovereignty and tradable in SPSUs.

5. **Purpose:** Economic asset of the SPS.

Issued: [Date].

[Signature]

[Notary or Hash]

Document 4: Bearer Business Issuance Decree

Filing Jurisdiction: SPS record; notary.

DECREE OF BEARER BUSINESS ISSUANCE

Sovereign Person-State of [Claimant’s Name]

1. **__Authority:__** [Full Name], [Title].

2. **__Name:__** [Bearer Business Name].

3. **__Certificate:__** [Cert. Number or NFT ID].

4. **__Rights:__** Bearer owns and operates under SPS law; may hold digital land [Token IDs].

5. **__Purpose:__** [Business Purpose].

Issued: [Date].

[Signature]

[Notary Block]

Document 5: Currency Issuance Notice

Filing Jurisdiction: Blockchain; U.S. Treasury (optional).

NOTICE OF ISSUANCE

SPS Sovereign Units (SPSUs)

1. ****Issuer:**** Sovereign Person-State of [Claimant's Name].

2. ****Currency:**** SPSUs, on [Blockchain] at [Contract Address].

3. ****Backing:**** [Asset, e.g., digital land value, 1 SPSU = 1 Parcel].

4. ****Use:**** SPS and bearer business transactions.

5. ****Compliance:**** Private asset per U.S. law.

Declared: [Date].

[Signature]

[Notary or Hash]

Document 6: Security Interest Agreement

Filing Jurisdiction: UCC filing in Wyoming; blockchain record.

SECURITY INTEREST AGREEMENT

Sovereign Person-State of [Claimant’s Name]

This Security Interest Agreement ("Agreement"), dated [Date], is between:

1. **Debtor:** [Full Name], Sovereign of the Sovereign Person-State of [Claimant’s Name] (SPS), located at [Domain/Node Address or Vessel/Land Address].

2. **Secured Party:** [Full Name or Bearer Business Name], holder of this Agreement, located at [Address or "Bearer Certificate Holder"].

Recitals:

- The SPS, established [Date], claims sovereignty over physical, digital, and economic assets.

- Debtor issues SPS Sovereign Units (SPSUs), digital land, and bearer businesses as assets.

- Secured Party seeks a security interest in these assets to secure [Obligation, e.g., payment of 100 SPSUs or services].

Agreement:

1. Grant of Security Interest:

Debtor grants Secured Party a security interest in the following collateral:

a. Physical Assets: Debtor’s person and possessions; [Vessel Name, Registration Number]; [Land Legal Description].**

b. Digital Assets: [Domain Name]; [Blockchain Node Address]; digital land parcels [Token IDs or "All Issued Parcels"].

c. Economic Assets: SPSUs [Contract Address]; bearer businesses [Cert. Numbers or "All Issued"].

d. Proceeds: All income, products, or derivatives from the above.

2. Rights Secured:

- Sovereign rights under SPS law, including governance, issuance, and autonomy claims.

- Property rights in digital land per [Token Standard] and SPS decrees.

- Contractual rights in bearer businesses per SPS jurisdiction.

- Extraterritorial claims under Montevideo Convention and cyberspace principles.

3. Obligations Secured:

- [Specific Obligation, e.g., repayment of 100 SPSUs by [Date]] or as agreed by Secured Party’s possession of this Agreement.

- Performance of SPS duties to maintain asset value.

4. Perfection:

- Filing: UCC-1 with Wyoming Secretary of State, describing collateral as above.

- Possession: Secured Party holds this Agreement or [Bearer Cert./NFT ID].

- Blockchain: Recorded at [Transaction Hash].

5. **Default and Remedies:**

- Default: Non-payment or breach of SPS sovereignty affecting collateral value.

- Remedies: Secured Party may:

a. Take possession of physical assets (vessel/land) per UCC § 9-609.

b. Claim digital assets (land/SPSUs) via [Token Transfer Mechanism].

c. Operate bearer businesses under SPS law.

d. Sell collateral, proceeds to Secured Party up to obligation amount.

6. **Representations:**

- Debtor: Sole sovereign of SPS, with authority to pledge assets.

- Secured Party: Accepts SPS jurisdiction for this Agreement.

7. **Governing Law:**

- Primary: SPS law as decreed by Debtor.

- Secondary: Wyoming UCC for physical/digital collateral; blockchain law for tokens.

8. **Termination:**

- Upon fulfillment of [Obligation], security interest releases automatically.

Signed: [Date] at [Location].

Debtor: [Signature of Full Name], [Title]

Secured Party: [Signature or "Bearer Holder"]

[Notary Block or Blockchain Hash]

Document 7: Treaty of Recognition

Filing Jurisdiction: Target entity (e.g., Estonia).

TREATY OF RECOGNITION

Between the Sovereign Person-State of [Claimant's Name] and [Target Entity]

1. ****Parties:**** SPS, by [Title] [Full Name], and [Target Entity].

2. ****Recognition:**** Sovereignty over [Domain/Node], digital land, and bearer businesses.

3. ****Rights:**** SPS claims asset protections.

4. ****Terms:**** [Incentive, e.g., digital land trade].

Signed: [Date].

[Signature of Claimant] [Target Signature]

Document 8: FARA Registration

Filing Jurisdiction: U.S. Department of Justice.

FARA REGISTRATION STATEMENT

1. **__Registrant:__** [Full Name], Sovereign of the SPS.

2. **__Principal:__** Sovereign Person-State of [Claimant’s Name].

3. **__Activities SPS, digital l:__** Advocating and, and bearer businesses.

4. **__Address:__** [Domain/Node or Vessel].

Filed: [Date].

[Signature]

[FARA Receipt]

Document 9: Embassy Designation

Filing Jurisdiction: County recorder (land); notary (digital).

NOTICE OF EMBASSY DESIGNATION

1. **Owner:** [Full Name], Sovereign of the SPS.

2. **Embassy:** [Land Description] or [Domain/Node].

3. **Claim:** Inviolable under SPS sovereignty.

Recorded: [Date].

[Signature]

[Recorder’s Stamp or Notary]

Final Notes

Digital Land: Issued as NFTs or tokens, these are tangible SPS assets, enhancing value and tradability, secured by the Agreement.

Security Interest Agreement: Ties all assets (physical, digital, economic) into a enforceable framework, leveraging UCC and blockchain for legitimacy.

Execution: Deploy digital land on-chain, file the Agreement with Wyoming UCC, and carry certificates for bearer businesses.
